Dear PAC Member,

Thank you for supporting your employee political action committee (PAC) and for your interest in the political process.

This election consists of not only the Presidential election but also statewide elections and federal and state Senate and House seats. Remember that there will also be other state and local races as well as propositions that will need your vote.

With so many candidates to choose from, this voters' guide is designed to identify state and federal candidates who our employee PACs have financially supported along with state candidates in Illinois who our company has financially supported. The listings are by office and candidate and include party affiliation, whether they are an incumbent, and whether they received a contribution from one of our PACs or from our company this election cycle (2019-2020). If the seat represents a company facility, that location is noted in parenthesis next to the district number.

As a reminder, our PACs and company adhere to all state and federal campaign laws and all contributions are reviewed and approved by a majority vote from the individual steering committees that are comprised solely of our colleagues.

The general election is Tuesday, November 3. Polls are open at various times during early voting and on Election Day.

For more information about PAC, visit pac.vistracorp.com or follow us on Twitter @VistraCorpGA.

Voting is a privilege and your right as a citizen. Put your power to work by voting this Fall!

Again, thank you for donating to your PAC and helping us shape the future of our industry.

*Contributions noted for the 2020 election cycle through the publishing deadline of October 9, 2020. Contributions will continue to be made through the election cycle; therefore, additional contributions may be made that are not reflected in this voters' guide.

This voters' guide has been prepared for and distributed by the government affairs team of Vistra Corp. for the November 3, 2020, general election. Employee participation in Vistra's PACs is meaningful, and your vote is essential if we are to continue to elect public officials who support our business, industry, stakeholders, customers, and you, Vistra's employees.

Employee Political Action Committees

Vistra's employee political action committees (PAC) are organized under applicable federal and state laws and are strictly voluntary associations of eligible employees. Vistra Energy Leaders PAC and Vistra State Energy Leaders PAC provide employees an opportunity to join together to express their political preferences and ideas more effectively. Funds raised by the PACs are used in a bipartisan manner to actively promote company objectives and long-term goals. The PACs support political candidates who the employee members believe will contribute to developing broad support for company and industry positions.

PAC Philosophy

It is important for a political action committee to respect its stated purpose and act in accordance with its philosophy through political contributions and daily actions.

- Our employee PACs support elected officials and candidates who thoughtfully approach business issues important to the industry.
- Funds raised by employees for the PACs are used in a bipartisan manner to provide meaningful support to candidates whose positions on key issues are compatible with the objectives of the employees or with whom the company hopes to develop strong relationships.
- The PACs aim to educate, motivate, and mobilize employees on political, legislative, and regulatory matters. The PACs will work to increase the awareness and knowledge of employees about both specific issues and the political process in general. The PACs will not merely be a political funding mechanism, but they will provide ongoing communications and opportunities for involvement.
- The PACs will encourage all employees to become involved in supporting good government.
- Through its PACs, the company will support both federal and state candidates.
- All eligible employees are offered the opportunity to participate in a PAC. Employee PACs are entirely voluntary associations of eligible employees.
- The PACs will reflect all these positions in day-to-day operations and in the selection of candidates.

Candidate Selection Criteria

In deciding which candidates to support, the PACs consider many factors, including:

- ✓ support of issues of importance to our company and/or the industry,
- ✓ placement in a leadership position or on a key committee of importance to the company and/or the industry,
- ✓ involvement in a competitive race,
- ✓ representation of a district with a company facility and/or many employees or customers,
- ✓ possibility of improving the relationship with a key representative,
- ✓ recommendation from a member of Vistra's government affairs team or by the Vistra management team or Board of Directors, and
- ✓ recommendation from a PAC member.
